PLANS PROGRESSING FOR ANNUAL CHURCH FAIR OF OUR LADY OF THE GULF

Plans for the annual Church Fair for Our Lady of the Gulf Catholic Church are well under way and indications are that the fair will be a success. Many new features or entertainment are being introduced and if the public rally to the cause as they have in past years the fair will be the success anticipated.

It is being held on the church grounds on Saturday, June 17, and Sunday, June 18, opening each evening at 6 p. m.

Candy will be sold in connection with the fair on Friday, Saturday, and Sunday, June 9, 10, and 11 in front of the A. & G. Theater. Parties wishing to purchase candy to send to service men can purchase it in required amounts.

When asked, "Where are you going?" let your answer be TO THE FAIR.

June Quota For Passenger Automobile Tires Slightly Increased

The June quota for passenger automobile tires for Hancock County has been slightly increased, but applications already received far outnumber this allotment, Mr. Leo G. Ford, Chairman of the Hancock County War Price and Rationing Board said today.

Hancock County's quota for June was set at 95 tires while a total of 163 applications have been received.

Mr. Ford said this quota was increased to care for the essential passenger car with "B" and "C" gasoline rationing, and emphasized the fact that tire panels will have to carefully screen all applications and will be able to grant tires only to top essential drivers.

The Board official pointed out that the national tire reserve has been substantially reduced to make the slight quota increase possible and that because of this increase that practically no assistance may be expected from the national reserve for additional June quotas.

Mr. Ford urged all motorists to make their present tires last as long as possible and advised those with tires suitable for re-capping to re-cap them at once.

Most Successful Mission Given At DeLisle, May 28 to June 1st

Honor to whom honor is due. This mission shall be recorded in the historical annals of this locality. Ad majorem Dei Gloriam—For the greatest Glory of God.

DRIVE IS ON FOR RADIO TECHNICIANS

Accelerating a search for Radio Technicians, urgently needed by the Navy, recruiting stations throughout Mississippi were urged to double their efforts in making known to every 17-year-old youth and man 38 to 50 the opportunities offered both in education and in advanced rating to those passing the "Eddy Test." The test, consisting of intelligent guessing the answers to scientific questions, is open to anyone wishing to take it at 13 Navy recruiting stations throughout the state.

Men passing the written examination are enlisted two ranks above Apprentice Seaman, sent to a school for 10 months and graduate as Radio Technicians, or petty officers, second class.

The latest applicant to pass the "Eddy Test" was 17-year-old Leigh Watkins, senior at Central High School in Jackson.

American + Red Cross

A very famous American Patriot once said, "My only regret is that I have but one life to give for my country." Strong words that have rung through the centuries, to implant themselves in the heart of every true American. Millions of men today are living these words. They are giving, willingly and courageously, the one life that God has given them, for their country! But many of these lives can be saved. God is All Merciful, and moves in mysterious ways His wonders to perform. One of the greatest miracles that God has performed for modern man, is the power to prolong the precious gift of life. Blood Plasma is the Divine Inspiration of the Twentieth Century! Thousands of men have been brought back from the dark vale, because an All Merciful Father, in sorrow for the erring of his children, has seen fit to send them enlightenment. You can be a part of this God inspired program. Your blood can, and must be given to the saving of humanity. A pint of your blood, given to the American Red Cross, means the return to life of some man whom God has designated shall live for the betterment of civilization.

A call has been made to Hancock County to increase its quota of Blood Donors. Two hundred and forty-eight pints of blood will be needed from this community on June 12th. Hancock County has many times two hundred and forty-eight men on the fighting fronts. The blood that we are called upon to give, may by Divine Providence, be necessary for our own men. Are we going to sit back and not heed the call, or will we be there one hundred percent, to give our blood unstintingly to defeat the Horsemen of the Apocalypse, and to declare to God Almighty that we are not ungrateful for His many and wonderful mercies?

Paper Drive Continues

Due to the lack of adequate facilities set backs are bound to occur in most ventures undertaken today. This is not the fault of any one, and we must all bear with patience, and cooperate in every effort made for the victorious ending of the war. Scrap paper is vital. It is necessary that we all continue to save, and although the pick ups of this salvage has been retarded, we wish to express the hope, that you kind people will bear with us, and continue to save your paper, and to be assured that in the very near future, this paper will be carried from your homes, and salvaged for its important part in winning the war.

Members of the Nutrition Class, under the able instructions of Mrs. Eleanor Davis, have completed their course of study. Those who attended feel that they have been well rewarded for the time given, by the knowledge gained.

On June 19th a Canteen Class will be organized. Those wishing to enroll, will please call the Office of the Red Cross, telephone 67.

Material has been received by the Chapter for the making of 1000 utility covers for Field Hospitals. Work on this project will start on Friday morning, June 16th, at the Production Room, in the Knights of Columbus Hall. All Production workers are urged to please give their services.

Members of the Production Unit have just completed thirty-three cushion covers, to be used in the Recreation Rooms at Gulfport Field. This work is done in cooperation with the Camp and Hospital Council and the many comforts provided by the diligent workers are greatly enjoyed and appreciated by the enlisted men.

All workers of the various units of the Local Chapter, of the Red Cross, who serve at the blood Bank, are urgently requested to please be prompt in their arrival on Monday, June 12th. As you know, this will be the largest Blood Bank yet held in the County, and the work must be speeded up, and start promptly, so that all Donors may be taken care of. The place is as usual the High School Gymnasium, Bay St. Louis, and the time 12:30 noon.

LUCAS PUCHEU PRISONER OF WAR

LUCAS PUCHEU

A mother's prayer has been answered. Never losing faith nor believing that her son was dead, Mrs. Lucas Pucheu continued to pray from the day that she received word from the War Department that her son, Lucas, Jr., was missing in action, and a few days ago her prayers were answered when she received the following letter from her boy.

To start this letter off right, I am not allowed to write very often, so I will tell you the most important things. I am fine. Please don't worry. The Germans feed us good, and they are also very particular about our health.

Mother see the Red Cross about sending me parcels. They will tell you all the best things to send. If not, send me cigarettes and chocolates. The cigarettes are what I need most.

Mother I was captured on the 30th of January, Sunday. Don't worry because I am a prisoner. The Germans treat us good. We have not had to work since we have been captured.

Your loving son, LUCAS.

6 Pints Of Blood, Donated in U.S., Save 2 Kentuckians In Ireland

AMERICAN BLOOD IN IRELAND SAVED THEM: Casualties in the line of duty in Northern Ireland, two Halloran General Hospital patients, both from Kentucky—discuss the merits of Red Cross blood plasma, credited with saving their lives. They are Corporal Charles E. Mattingly (left), 18, son of a Hardinsburg architect, who was given the first of five transfusions in an ambulance, and Private John D. Walker, 23, whose father is a florist in Louisville. Mattingly was with an Armored Forces unit, Walker with the Quartermaster Corps.

URGENT CALL FOR BLOOD DONORS

The Mobile Unit of the American Red Cross Blood Donor Service of New Orleans, will be in Bay St. Louis, June 12, from 1 to 6 P. M.

The invasion has taken place and from now until Victory there is going to be a constant demand for Blood Plasma and more of it.

A check up proves that we are short of our quota at this writing. Heretofore we have always been proud of our ability to meet and even go over the top in any task assigned to us. Surely we cannot fail at this vital moment.

Abraham Lincoln must have foreseen much when he declared—"with public sentiment, nothing can fail; without it, nothing can succeed. By this he meant "public opinion" crystallized into the Will of the People."

Let it be our will to back our boys who are in grave danger. Following is a quotation from General Dwight D. Eisenhower, "Each Donor of Blood should feel a deep sense of satisfaction in making a contribution. The use of plasma quickly after a fighter is wounded constitutes the most important single advance in the surgical treatment of the wounded."

All men and women are urged to donate to the Blood Bank if it is possible for them to do so.

One person alone, may feel that his or her little donation won't effect matters one way or another. This is not so. That very donation may snatch a dying man back from the very gates of death.

You Can Help! Are you willing? One of the most inspiring things to an American citizen is the knowledge of the "Faith of our Fathers."

They were men of vision and they had faith in the people and faith in a just God. Because they were not defeatists, they laid the foundation of this Great Republic whose democracy is the wonder of the world.

At this very moment the ugly head of the "War God" throws shadows over our democracy and over our gallant boys.

Let us cooperate. Give each a break so that our boys may come home and our glorious democracy survive forever.

Decide to be a donor and use all your influence to bring in additional donors. They are needed.

Remember—because of the new hemoglobin determination, many will be rejected who were before accepted.

This calls for a larger quota this time and one and all should feel it their patriotic duty to donate if possible.

Back At Base

Sterling Brown Sharp, Jr., radioman, third class, USNR, has returned to his base at the New Orleans, La., Armed Guard Center after spending the past seven months at sea as a member of the naval gun crew of a merchant ship, it was reported today.

Suffers Bruises

Mrs. Isabelle Joyner suffered bruises of the right hip and a broken vertebra when she was struck by a passing car on Friday as she was returning from lunch. She was taken to the King's Daughters Hospital, but was allowed to go to her home in a few days.

Mrs. Joyner was walking on the sidewalk when J. R. Scharff left his store and was driving to his home for lunch. He for some reason lost control of his car and it ran up on the banquet and struck Mrs. Joyner, knocking her down. Mr. Scharff took her to the hospital. The accident was said to be unavoidable.

He also leaves a large number of nieces and nephews.

Mr. Telhiard will be missed by many as he was one of the familiar citizens here and where he had so many friends. There were a large number of out of town friends here for the funeral and the beautiful floral offerings were expressive of the esteem in which he was held. The Echo extends to this splendid family its deep sympathy.

OUR CHURCH

ON June 17th and 18th the annual fair of Our Lady of the Gulf Catholic Church will be held on the church grounds. The money derived from this annual event has been used for the payment of the church debt. The present church was constructed in 1908, the former one having been destroyed by fire in 1907. Up until this time this edifice has not been completed and it is the plan of the Very Reverend Andrew J. Gmelch, Pastor, to finally complete the church and pay off the outstanding indebtedness prior to August 15, 1947, on which day the Centennial Celebration will be held. This will commemorate the One Hundredth Anniversary of the celebration of the first Mass by Rev. Father Stanislaus Buteaux in the City of Bay St. Louis.

Catholics of Bay St. Louis can look with justifiable pride on their church building. It would do justice to a community many times the size of Bay St. Louis. It has been made possible through the contributions received from the parishioners. There is only a small amount yet outstanding on the original church debt, and it is the hope of Father Gmelch and his able assistants to pay off this amount this year.

It behooves the people of the parish to respond to this call. This church is theirs. It does not belong to any individual. It belongs to the parish as a whole; and as many have striven throughout the years to make it possible for this great edifice to be debt free, one last concerted effort should be made to make this possible.

Respond to the call and give as freely as possible. We should realize that in contributing to our church we are aiding and fostering the work of God, and without His aid there could be no happiness nor joy in this life. Today our only consolation is our God and Church.

EVEN WAR BONDS ARE MADE OF PULPWOOD

AMONG the many uses of pulpwood War Bonds shouldn't be overlooked. While they don't have the direct destructive power of gun powder made of pulpwood, nor the life-saving quality of blood plasma packed in pulpwood containers, they are essential to winning the war.

Buying War Bonds and cutting pulpwood are similar in at least two respects: One, they are primarily responsibilities of civilians on the Home Front, and, two, they are necessary to back the men on the fighting front.

Actually farmers and woodsmen in this area can do double duty for Uncle Sam and the men overseas this month.

They can cut a few extra cords of pulpwood and put their earnings in War Bonds. Besides helping speed the day of Victory, this is a good investment.

For a cash outlay of \$18.75 every pulpwood cutter can get a \$25 War Bond. That means a third more for his work.

Let's make this a record month by going over our quota in buying War Bonds and by cutting more pulpwood than any month this year. That will give Hitler and Tojo a double blow at a time when both of them are toppling.

PROGRESS WITHOUT COMPULSION

IT WILL be welcome news to hundreds of thousands of fathers and mothers whose sons are in service in tropical countries to read the statement of Rear Admiral Luther Sheldon, Jr., Assistant Chief of the Navy Bureau of Medicine and Surgery, to the effect that "the danger of tropical diseases for our armed Forces has been overcome to a large extent." The Navy medical officers feel that they "have the problem licked."

Admiral Sheldon said that he was not now at liberty to give details on the conquest of the tropical diseases, but to medical men who have heard this statement on the subject, it meant the equivalent of a major victory on the battlefield.

The progress that has been made in medicine, even during the present war, is far beyond the understanding of the average citizen who will reap the benefits. It is the result of the tireless efforts of individual doctors and institutions, free from the hampering influences of a politically-dominated medical profession such as is being proposed now on a national scale. Socialized medicine would subject on estimated 80 per cent of our citizens to ironclad rules and taxes for a compulsory health insurance program.

Compulsion in medicine does not bring progress. Nothing is more personal than the relationship between an individual and his doctor, and nothing should be farther from political domination.

Book learning is not all of education but it is an essential part and there is no substitute.

If anybody thinks it is hot here he might move into a fox-hole in front of the enemy's guns.

The average American's opinion of the Constitution depends which side the Constitution supports.

Human beings rarely see things the same way but there is no use to have a war every time there is a disagreement.

Germany will stop fighting when the German army can fight no longer and not before. This ought to make our strategy clear.

COMMENCEMENT EXERCISES OF DE LISLE SCHOOL, MAY 31, 1944

Before a very large audience at the DeLisle Auditorium the Commencement Exercises brought out some marvelous statements on the questions of the schools in our present days.

Professor T. D. Moore in a few appropriate words deplored the fact that the attendance of the school was the poorest one that ever happened in this community. He thanked Father Sorin for helping in every way for the program of the commencement and especially for bringing Rev. Cornelius McGrath, C. P. to address the audience.

The salute to the Flag and other songs were graciously executed by sweet and excellent voices.

Th address by Supt. Sam Favre Jr., was good and practical. He mentioned that there are too roads before the left road, it may be easier but not the safest. The right road may be filled with difficulties but you can depend on it for success. Work conquers everything.

Then the former professor R. D. Brown was called by Mr. T. D. Moore and it was indeed a happy thought as he nearly electrified the audience by his majestic statement on two questions: Attendance to school and attendance to church and gave the most excellent reasons for it.

Finally Rev. Father Cornelius McGrath spoke on the duties of parents to their school and also in regard to attendance to the church—of course he is one of these few orators who can penetrate the mind of his hearers in such a way that he has few equals. He remarked that Professor Moor told the audience that if the parents would not do their duty to send their children to the school it was just as well to let them go to the dogs but he thought that it was quite a mild expression and as a preacher he could make the impression stronger. Such parents would rather see their children down in hell. Father Cornelius had his audience spell bound by the good advice he gave. It was one of these rare treats that was surely well appreciated by all present.

PROGRAM

Sponsors: T. D. Moor, Mrs. R. D. Brown, Mrs. Norton Haas, Miss Magee.

Graduates: Beulah Cuevas, Helen Cuevas, Delores Dubuisson, Gloria Ladner, Nelda Niolet, Ellwood Niolet.

All present enjoyed greatly these commencement exercises. Professor Moor is also an excellent professor who thinks he has a fine group of boys and girls in this school and he is very fond of them.

He stated: "I do not think I have ever loved the children in any community as I do these after one year's association. It would have been better could I have lived there."

The two services in reference to health are administered by the State Board of Health, the two having to do with crippled and rehabilitation are administered by the State Department of Education, Unemployment Compensation Program is administered by a special board created by state law for that purpose, Old Age and Survivors' Insurance Benefits is administered directly by the Federal Government from Washington. Aid to the needy aged, needy blind, needy children, and child welfare services are administered by the State Board of Public Welfare.

Formerly the appropriation for this work was \$4,000,000 for biennium but this has now been increased to \$7,000,000 and this is matched by Federal Funds.

For the purposes of administration, the state is divided into seven districts, with a supervisor in each district having general supervision of county welfare departments consisting of a county welfare agent, a clerical helper, and home visitors or case workers in proportion to the number of cases served in the respective counties (a visitor is not allowed until case load reaches approximately 300).

There is a county welfare board in each county named by the County Board of Supervisors, which meets once a month with the county welfare agent, who in this count is Mrs. Eunice Casanova, to pass on all applications for help in the county. The county board members are Walter J. Gex, chairman; Beat V; Frutis Fuente, Beat IV; Oliver C. Cuevas, Beat III; Lott McArthur, Beat II; Emile Koch, Beat I.

The allotment effective July first is as follows: Old Age, which is 75 per cent of the budgetary deficit, is \$2423; Aid to dependent children is \$382, \$15 for the eldest, \$10 for the next in age and \$5 for each additional child. Blind, which is 71 per cent of budgetary deficit is \$130; Confederate pensioners, \$70. The total allotment for the county is \$3905 and is exclusive of administrative expenses. The office has been rated standard and the

Taylor School Notes

Taylor School closed a very successful term on May 10th and while the enrollment was small the average held up very well indeed in spite of change of personnel caused by transfer of parents to war work areas.

Our activities were the same as every year. A party at Hallowe'en with games appropriate to the occasion, followed by refreshments of hot chocolate and cakes.

The Christmas Tree with lots of presents for everyone that attended the program. This was a contribution from Mr. Pitcher.

We had only one perfect attendance and as soon as we can get a medal it will be awarded to Mildred Adam.

We want to thank our many friends for help in carrying on our work, especially Miss Crawford and Miss Edwards for furnishing story books to while away our rainy days.

We had an Easter Egg-Hunt and after an hour spent in games and songs, refreshments in the form of hot chocolate, cakes and lots of candy for all present.

The children call Mr. Pitcher their Fairy God Father and they are very grateful for his many acts of kindness to the school.

We are anticipating a good term next year.

THESE CRITICAL DAYS call for more PULPWOOD

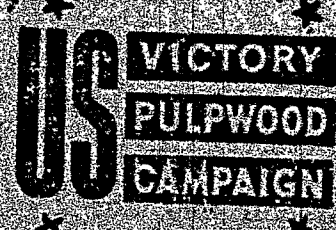

TODAY our armed services are shipping enormous quantities of supplies to our fighting men overseas. They are unloading it on farflung beachheads and advance supply bases. Much of this equipment is made wholly or in part from pulpwood. Nearly all of it is wrapped or packed in paper and paperboard containers. Without enough pulpwood our Army and Navy will be severely handicapped at a time when victory may depend on their all-out effort abroad and ours at home.

Your Pulpwood is Needed

War and Home Front needs require that every mill operate full time. This cannot be done without more pulpwood. If you have idle woodlands or can cut pulpwood, now is the time when you can serve your country best and earn the most money for your work. If you delay, it may be too late.

SUNDAY AND MONDAY AT ORTTE THEATRE

"THE NORTH STAR"

Brilliant Cast, Gripping Plot
In Samuel Goldwyn's
Surging Drama

Presenting a vivid and memorable story of a little Russian community and its heroic fight against the Nazi invaders, Samuel Goldwyn's production of "The North Star" is hailed as one of the most dramatic screen offerings of recent years.

Twenty-four featured players and hundreds of extras include such favorites as Anne Baxter, Dana Andrews, Walter Huston, Walter Brennan, Ann Harding, Jane Withers, Farley Granger, and Eric von Stroheim, and the settings built for the film are said to be among the most extensive and realistic ever constructed.

The story opens on the eve of the German invasion, as the people of a little village near the Rumanian border are celebrating a successful farming year. Two of the young villagers, Marina and Damian, are planning to marry; some of the school children are preparing to make a holiday trip to Kiev.

Into this peaceful and happy scene crashes the Nazi wave. The village youngsters are bombed heavily hit. Rodion, chief of the village Soviet, sends most of the able-bodied men to hide in the woods, awaiting guns and ammunition, while the rest remain to destroy the buildings and meet the invading columns.

How the courage and daring of some of the inhabitants results in the little guerrilla group being armed and dealing out retribution to the German troops and their sadistic leader brings on the stirring climax of the film, and contrasts with the romance and peacefulness of the earlier sequences.

Giving the first really authentic glimpses of Russian peasant life that Hollywood has brought to the screen, "The North Star" was directed by Lewis Milestone, from the story and screenplay by Lillian Hellman. The picture is an RKO Radio release.

The complaint charges that Barnett sold one case of "Yellow Stone" whiskey for \$100 which has a ceiling price of \$37.08. In another instance it was charged that he sold four cases of "Old Jordan" for \$90 a case, whereas the ceiling price was \$21.68 a case. "THE SULLIVANS" AT A. & G. THEATRE SUNDAY AND MONDAY

Great, Heart-Warming Hit;
Rich, Robust Story of Five Famous Brothers

Make room in your heart for all of them—"The Sullivans" have moved in.

20th Century-Fox has brought to the screen the family of the year—the story of the five celebrated brothers whose devotion to their country and each other—stirred the heart of the nation.

"The Sullivans" is the story of the famous Waterloo, Iowa, Sullivans—of the lives of the five celebrated brothers whose devotion to their country and each other—stirred the heart of the nation.

It's the story of "Pat" and "Ma" Sullivan, and sister "Gen," and the story of Katherine Mary who became a Sullivan in name and spirit when she married the youngest of the boys, Irish as the Blarney Stone, American as the Red, White and Blue, they're the kind of people you'd like to be, in the picture you're bound to love.

For this stirring yet tender story of one American family that became, in one shining hour, a family of great Americans, is the story of America itself—the reflection of our own hopes and aspirations, of the ideals by which we live and for which we fight. And 20th Century Fox has given it to us lovingly and delightfully beyond any motion picture experience you've ever enjoyed.

In essence, "The Sullivans" is the biography of five typically American kids—their scrappy, carefree childhood, and their emergence into clean-cut manhood, fighting, laughing, playing, romancing. Scene after scene is crammed with rich, rollicking humor, heart-stirring poignancy and the glowing spirit of the stuff Americans and American families are made of.

In what certainly must have been the most difficult casting job of the year, the five Sullivan boys themselves, 20th Century-Fox has come through with flying colors. Edward Ryan as "Al"; John Campbell as "Frank"; James Cardwell as "George"—John Alvin as "Mat"; and George O'Hanlon, Jr. as "Joe" are all to behold, delightfully fresh and utterly real.

These boys just grow on you, and judging from the tremendous acclaim being accorded their outstanding performances, you're bound to be seeing a great deal more of them on the screen.

Completely captivating too, are Bobby Driscoll, Marvin Davis, Buddy Swan, Billy Cummings and Johnny Calkins in the roles of the Sullivan boys as children, and Nancy June Robinson as Genevieve, the child. Lloyd Bacon has directed "The Sullivans" with a brilliant hand, maintaining the heart-warming richness and dramatic impact at a high level throughout. Sam Jaffe, with Robert T. Kame as associate producer, has given the film a production worthy of the name it honors.

"DR. GILLESPIE'S CRIMINAL CASE" AT ORTIE THEATRE WED-THURSDAY

Dr. Gillespie in the person of Lionel Barrymore, is kidnapped by escaping convicts in a prison break, battles dramatically with his two assistants to conquer a children's epidemic, and figures in other episodes, dramatic and comical, in "Dr. Gillespie's Criminal Case," Wednesday and Thursday at the Ortie Theatre.

The story carries in Donna Reed's adventure with Roy Toddwell, demented killer, who engineers the prison break and is killed by the guards. Little Margaret O'Brien figures in poignant scenes with Barrymore and his assistants Van Johnson and Keye Luke in the children's ward.

The story opens with Barrymore's endeavor to aid Roy Toddwell (John Craven), who stages the prison break. He and Van Johnson, also abducted, get out of that difficulty and return to Blair Hospital to find an epidemic raging in a children's ward. At the risk of their lives, the three doctors succeed in conquering it.

Van Johnson Goes Romantic
Meantime, Johnson figures in a romance with beautiful Marilyn Maxwell, and at the close, in which Barrymore is given a birthday party, Keye Luke turns up with a Chinese sweetheart, pretty Marieanne Quon.

Willis Goldbeck directed with the same deft handling that marked "Dr. Gillespie's New Assistant." Donna Reed is beautiful and effective as Marcia Bradburn, and Craven menacing as the feared killer. Other players include William Lundigan, Walter Kingsford, Michael Duane, Nat Pendleton, Alma Kruger, Marie Blake, Nell Craig and Henry O'Neill. Norbert Brodine contributed outstanding photography, and the dramatic musical score was composed by Daniels Amfiteatrof.

IT'S A BIG BARREL - but we're scraping bottom!

Since the National Defense program began in 1940, the Bell System telephones in service have increased over 4½ million.

But there's no more new equipment now. The Army and Navy have first call on that. That's why we can't fill civilian orders as fast as we'd like.

As we scrape the bottom of the barrel, we're trying hard to make what we have do the best possible job by...

- * Stretching switchboards to make room for more lines and calls.
- * Reconditioning all serviceable facilities and putting them to use.
- * Recovering facilities quickly when service is discontinued.

Nobody likes to stand in line. But it's different when the line forms behind our fighting men. Your cooperation is appreciated.

Silas Clay Gets Mad at Women's Hats

Silas Clay is complaining that his wife's new hat cost more than a bull calf. "And I wouldn't mind it, if it was a hat," he says, "but all it is, is a small bow and a piece of feather."

"It isn't the size of the hat that counts," says Bivon Earp, reproachfully.

"Well, what is it that counts?" asks Sil, exasperated.

"I'll tell you what it is that counts," says Doc. "It's the life that a new hat gives to any woman. It sort of picks up their spirits... boosts morale. Little things can do that. Like the flower in your buttonhole," he says to Silas, "or that glass of beer that you're enjoying."

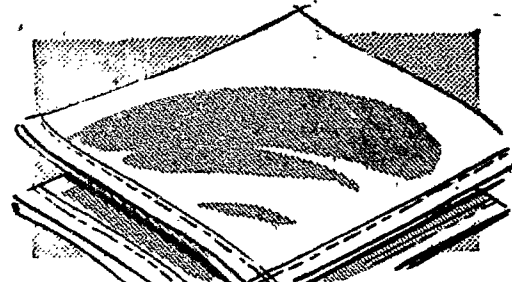

From where I sit, Doc has given us a mighty good definition of morale. Important little things. A flower in your buttonhole... a kind word from a stranger... a mellow glass of beer with friends. Little things especially important in these days of strain.
